

**TOWN OF GRIMSBY****NOTICE OF MOTION**

**INTRODUCTION DATE:**       October 16, 2023

**SUBJECT:**                     30-Day Appeal Period

**REQUESTED BY:**           Councillor Baradziej

Whereas the province opened a 30-day appeal period for municipalities to voice their concerns regarding the re-zoning of lands, which started today;

Whereas the Town of Grimsby allocated resources to work through these planning applications, and now have no way to re-coup costs incurred;

Whereas the Town of Grimsby has many capital projects outlined in our strategic priorities, and the PKC expansion has a significant shortfall in funding;

Whereas the two properties that were re-zoned in Grimsby, are not controversial properties and were slated to bring the town millions of dollars in community benefits on top of development charges.

Therefore, be it resolved; that council direct our CAO Sarah Kim and staff to consult with legal consultants, MMAH, and the PLDF to investigate the possibility of moving forward with these applications during this 30-day appeal period.

I am requesting procedure be lifted and this considered for resolution immediately, seeing as the 30-day appeal period has started today.
